

Dear District Director

Please find enclosed the CD and song sheets for the Children's Ministry Choir.

Please try and practice your children either locally or on a district level prior to coming to the regional practices.

We will be having regional practices for the children. The dates and venues are the same as for the National Mass Choir. Please see the *Activity Schedule*.

The children will be divided into two groups (4 -8) and (9 – 12) years. Each group will have their own song, and then there will be two or three songs for all the children to sing as one group to. Please teach all the songs to the children then when we meet up for the regional practices we will allocate the specific song for each age group.

Blessings

*Linda Harris*
